New housing project located in Gran Alacant (Santa Pola), just 10 minutes from the city of Alicante and 5 km from El Altet airport.

The extensive beaches that border the area, the privileged climate that characterizes it and the proximity to the capital, make this town an ideal place to start a new life or spend your vacation days.

It is a new concept of housing based on practicality and flexibility. We offer you a space of 70 m2, which you can configure in different layouts and finishes depending on both your needs and your economic level. Residential with community pool 2 km from the beach.

The B + A configuration is double height with a ground floor with living room-kitchen, bathroom, bedroom and backyard / gallery. There is a front plot of 25 m2. The upper floor (with access staircase), completely open but with electrical and plumbing pre-installation, will allow you to expand your home by up to two more bedrooms when you need it or when you have a greater economic capacity or use it for the moment as an additional open bedroom to the living room.
